## Concluding

This year has been explosive and unexpected in terms of financial growth. It has not been without its ups and downs financially. The Central Committee strives to reduce costs wherever we can. The foundation has been laid for a successful organization going forward. As we begin 2019 we will continue to tighten up internal procedures, define organizational goals, staff roles, and define the policies of the SRA. You can learn more about our policies as they are implemented on our new Resolutions page of the website:
